<b>Libraries &amp; Frameworks</b>	React.js, Redux, Tailwind CSS / Bootstrap / Material UI
<b>Version Control Tools:</b>	Git, GitHub / GitLab, Webpack, Vite, npm, Yarn

## EXPERIENCE

---

<b>Content Writer - Freelancer</b> Tricky Worlds	Jan 2020 - Till Now <i>Patna</i>
• Created SEO-friendly content across tech, motivation, and education niches to boost audience engagement. • Transformed complex ideas into clear, compelling articles and scripts for blogs and YouTube.	

  

<b>FrontEnd Developer</b> Dg Digitals	Jan 2023 - May 2025 <i>Patna</i>
• Developed responsive and user-friendly web interfaces using React.js, HTML, CSS, and JavaScript for client projects. • Collaborated with designers and backend teams to deliver seamless and visually appealing digital solutions.	

## PROJECTS

---

**E-Commerce Front-End App.** A responsive e-commerce application built using React.js and Tailwind CSS, featuring product listings, cart functionality, and dynamic search and filter options. The app uses Context API for state management and is optimized for a mobile-first experience with mock API integration for product data. ([Try it here](#))

**AI Resume Analyzer**. A web-based tool created with React.js and OpenAI API that allows users to upload resumes and receive AI-generated feedback. The app includes real-time validation, clean form handling, and a user-centric UI for seamless interaction and result display. ([Try it here](#))

**Kanban Task Management App** . A React.js-based drag-and-drop kanban board that helps users organize tasks across different stages. It features smooth transitions, persistent task data using local storage, and reusable components with custom hooks for managing task logic. ([Try it here](#))

## EXTRA-CURRICULAR ACTIVITIES

---

- Contribute to open-source projects and participate in developer communities on GitHub and Discord to collaborate and enhance real-world problem-solving skills.
- Engaged in continuous learning through online courses and hackathons, staying updated with the latest in web development and AI trends.
