

ILYAS HASSAN

FRONT-END DEVELOPER

Sadar Gali Patna City - 800008 | iamilyashassan06@gmail.com | www.ilyashassan.com

SUMMARY

Frontend Developer with 6+ years of freelancing experience building responsive and scalable web applications using HTML, CSS, JavaScript, and React.js. Strong understanding of UI/UX principles, component-based architecture, and performance optimization. Experienced in translating client requirements into clean, maintainable code and deploying production-ready projects. Background in content writing enhances communication skills and user-focused development.

PROFESSIONAL EXPERIENCE

Self-Employed

June 2020 - Present

- Developed responsive and user-friendly websites for local clients using HTML, CSS, JavaScript, and React.js.
- Converted Figma and custom design mockups into functional, mobile-first web applications.
- Implemented reusable components, optimized performance, and improved website loading speed.
- Integrated REST APIs and managed state using modern React practices.
- Deployed projects on platforms like Vercel / Netlify and handled basic SEO optimization.
- Communicated directly with clients to gather requirements and deliver projects on time.
